Not a problem – thanks. P.S. I do not have an EPA issue cell phone. If you need to contact me tomorrow or over the weekend please use mmaddalo22@gmail.com **Personal Phone/Ex. 6** I know we are not supposed to be conducting day-to-day Agency business on our personal devices, but this does not seem routine, and as per Agency policy, any communication conducted on my personal device will be subsequently archived to my EPA Outlook mailbox.

Dan

I am not sure to what extent you'll be contacted yet but I'd ask that you keep an eye out in your email. I passed your names along to Tom Burke (EPA Science Advisor) because he is working

## **Deliberative Process/Ex. 5**

Please forward this message on to your management to give him/her a heads up that you may get engaged a bit.

If you have questions, please give me a call.

Regards,

Eric
